Select "Refereed" or "NOT Refereed" to resolve the conflict over the refereed status for:

Journal: *Sri Ramachandra Journal of Medicine*

The current refereed state of the publications in ZORA is: Yes

N.B. Selecting NOT Refereed will result in an attempt to update the refereed status of all items for this journal that are currently identified as being refereed.

Refereed

NOT Refereed

Herausforderung

- Initialimport -> Dynamischer Datenimport
- Viel Korrekturaufwand (neue Journals im JDB Review-Bereich)
- Viele Duplikate durch Tippfehler
- Unterhaltsaufwand gross

Optimierungspotenzial!

- Bessere Suche via ZORA (e.g. “did you mean...”)
- Autofill-Funktion im Suchfeld
- Kleinere Programm-Fehler

Zukunft

- Mögliche Beteiligung andere Universitäten (Bern, Basel, ...)
- Hosting bei Eprints
- Verteilte Lösung mit Synchronisation

Vielen Dank. Fragen?
